The Honorable Charles S. Gubser
House of Representatives
Washington 25, D. C.

Dear Mr. Gubser:

In Mr. Dulles' absence, I am taking the liberty of replying to your letter of 30 July 1953 regarding the application for employment of [REDACTED]. This case has been reviewed very carefully and the following facts are submitted for your information.

[REDACTED] was first interviewed by this Agency on 10 April 1952, at which time she was informed that no suitable position was available. On 26 November 1952 [REDACTED] again came in for interview and, on 13 January 1953, the Chief of our Personnel Division wrote advising that she was being actively considered for employment and that processing procedures required about thirty days to complete. There is no indication, however, that she was ever requested to drop all other commitments and be ready to accept employment within six weeks.

Unfortunately, in February 1953 this Agency found it advisable to review manpower commitments and to curtail hiring temporarily. Therefore, on 17 February 1953 a letter was sent to [REDACTED] advising that we were unable at that time to make any commitments regarding employment and suggested that, if convenient, she take the matter up with us again in about six weeks. [REDACTED] contacted this Agency again in May 1953, and on 4 August she was sent a letter requesting that she call our Personnel people, as we had been unable to reach her by telephone. At this time it was also requested that her application form be brought up to date.

A review of [REDACTED] qualifications indicates an excellent background, and at this time she is again being considered for employment with this Agency. However, necessary investigations and other processing procedures are of such a detailed nature that approximately two months' time is still required before a final determination can be made.
